

AGREEMENT & GUIDELINES

Joshua House Guidelines Agreement

Joshua House is a one year, no cost, Christian based discipleship program located in San Clemente, California. Joshua House provides men in life transition (homelessness, drugs, alcohol, broken homes, etc.) with a safe and caring environment to work on rebuilding their lives through a one-year Christian-centered program.

The emphasis of the program is discipleship training, providing recovery tools and meetings. Teaching men appropriate behavior with practical life skills development in order to help a man become self-sufficient. We try to help those from the South Orange County area; however, we are willing to help men in need that are willing to agree to our program guidelines which you will find below.

We ask everyone who wants to join our program to spend their first 60 days at the God's Ranch in Phelan, California. This allows for several important things to occur. First, ties with old friends, drug dealers and other unhealthy relationships are broken, which must be one of the first steps towards sobriety and recovery. Second, it allows time for the effects of drug or alcohol abuse to be broken and for the individual to begin to think clearly about life again. Third, it re-centers life back around God, His Word and the work of His Holy Spirit, which is vitally important to successfully completing the program. You must call to be pre-approved to enter for their 60-day program after you are accepted into Joshua House.

Please continue reading the pages below to gain a full understanding of our program and what you are committing to.

God Bless,

The Staff of Joshua House and Hope Restoration Ministries

JOSHUA HOUSE PROGRAM OVERVIEW AND GUIDELINES

“...Those who hope in the LORD will renew their strength. They will soar on wings like eagles; they will run and not grow weary; they will walk and not be faint.” -Isaiah 40:31

PROGRAM DESCRIPTION

This is a one-year Christian program based on discipleship, Bible study, prayer, fellowship and accountability. God tells us in 2Cor 5:17 “Therefore, if anyone is in Christ, he is a new creation; the old has gone, the new has come!” We know that one year seems like a long time, but what we have found is that it takes a considerable period of time for the reality of that biblical truth to occur, that is to let go of the old life and all of its habits and sins and to learn to live in the new life and the freedom that Christ has purchased for us with his own blood. We've seen that those who make it to one year have the greatest opportunity for success.

Those who graduate may be offered the opportunity to move to the second phase home in San Juan Capistrano based on availability. Graduation is not mandatory after twelve months as some might feel the need to stay in the program longer. Graduation should happen when the pastors, leadership and the participant mutually agree about the timing. Our hope and prayer is that each person, when they are ready, will be blessed out and into the next phase of their lives.

PROGRAM ADMISSION

Prospective members of the program will be given an overview of the program, including the willingness to make a one-year commitment and be interviewed by one of the pastors. Upon acceptance into the program, each person will go through an intake interview. This will consist of reviewing this document, filling out forms on medical history and current medical needs or doctor or hospital appointments. Each participant also agrees to sign the JOSHUA HOUSE RECOVERY PROGRAM (La Tienda Thrift Store Partnership) BENEFICIARY RELEASE AND WAIVER OF LIABILITY. We will also review current court and our legal status, including future court dates, probation, parole, fines, court ordered community service or any other outstanding issues. We may require that you spend 60 days at a Set Free Ranch to help you disconnect from relationships that are not healthy or to help you with your detox process. You may also be restricted to staying at the Joshua House premises and the store for your first 60 days in the program.

Every resident is on 30 days probation after they are accepted to the program, this ensures that you are a match for us and that we are a match for you. We've learned that this program is not for every man.

GUIDELINES FOR PERSONAL PROGRESS

The purpose of this program is to help you become a healthy, maturing Christian. There are a number of areas that we'll consider assisting a student determine if he is progressing in the program.

- Spiritual progress and maturity
- Work discipline, teamwork, attitude and effort
- Helpfulness and kindness to others
- Family reconciliation and communication

JOSHUA HOUSE

Welcome to JOSHUA HOUSE, your home for at least the next twelve months. While here you will be required to obey all the following rules, guidelines, and procedures. Become very familiar with these guidelines and inform your family and friends about them, in order to help with your adjustment and stay here. We provide all our services, housing, meals, etc. at no cost to those who participate, and we reserve the right to release anyone at any time from the program as we see fit.

This home is owned by the ministry and the ministry pays all the costs to operate it. We want to be good stewards of the home by taking care of it as if it were our own.

SPIRITUAL THERAPY

Time spent in worship, prayer and Bible reading is an absolute necessity. From the experience of unsuccessful graduates of the past, we have learned that the lack of a consistent devotional life was a significant indicator of a lack of spiritual growth and an indicator of their potential lack of success upon leaving the program. Training yourself to stay close to God and have a consistent devotional life now will help you be prepared to do keep doing it once you have graduated. What you do now will greatly influence what you do later! Our hope is that you will find a home church that you can become fully integrated with, developing healthy Christian relationships outside the program.

1. Attendance to all Bible studies, day or night, and Sunday services are mandatory, unless otherwise announced.
2. Proper dress is required for all services and meetings.
3. Residents may not sit with a female at any service unless she is a family member or has been previously approved for visits by the leaders.

WORK THERAPY

La Tienda is the Thrift Store that provides the revenue for the operating expenses of Joshua House. Every individual who lives in Joshua House will be assigned a job responsibility at La Tienda. It should be each person's goal to give their best every day in their assigned position. Your goal should be to work hard and to learn self-discipline when it comes to accomplishing and completing your work each day. Our goal should be Colossians 3:23-24 "Whatever you do, do your work heartily, as for the Lord rather than for men; knowing that from the Lord you will receive the reward of the inheritance. It is the Lord Christ whom you serve." Our value is that we take all, of every donation or pick-up that is made to this ministry, knowing that every time we fail to do so, means the possibility of losing a contributor. There may be certain instances where an entire pickup must be politely declined because it contains nothing that could be sold in the store, but this will be the rare occasion.

RECOVERY THERAPY

Each person that comes to Joshua House develops a customized recovery program tailored to his individual needs. Our most successful graduates share a common focus: personal transformation through intentional community engagement. This transformation happens as residents participate in our Freedom That Lasts curriculum, engage in one-on-one counseling, join large group gatherings and outings, and cultivate healthy relationships-both with God and with community members who model a Christ-centered lifestyle.

EVERY MAN IS A REPRESENTATIVE OF GOD AND THIS MINISTRY

How we act and behave is a direct reflection on God and the ministry, you are ambassadors for both. Your Godliness, friendliness, kindness and attention to detail will make a powerful positive impact on our customers, the public and those who donate. Our hope and prayer is that whenever anyone mentions our ministry, or our thrift store it will be to say something good or positive.

TELEPHONES

Residents in good standing may receive an Android phone with restricted internet access after their first 30 days. iPhones are not allowed while in the program. We will reset your phone with an app to limit internet browsing and other smartphone features that we have learned can become a distraction to some men in the program. You can expect to be asked to turn your phone in periodically to be reviewed by staff for compliance. The phone schedule is as follows:

RELATIONSHIPS

New relationships while you are in the program are not allowed because it results in a divided interest. As Jesus said, it is hard to serve two masters, it's hard to have a girlfriend who expects certain things from you, especially your attention and the priorities of the program and getting your life in order. However, if you are already in a relationship, our hope is that you would be willing to bring it under the spiritual covering of the pastors. Our goal is to help you develop your relationship in a Godly way. We'll seek to answer two vital questions: is she the one and are you ready to be married? The answer to those two questions will help us guide you forward. We'll help you prayerfully consider whether the relationship is healthy and should continue or if it might be time to end it. Your cooperation and trust on this will be vital. We know it's not good for man to be alone while at the same time, we know God has a process that will help you develop a relationship that is based on the Word and centered on Christ. The 4 biggest questions you should ask yourself when it comes to a relationship is: Am I spiritually ready? Am I emotionally ready? Am I free from my addictions? Am I financially ready? When you can answer yes to all these questions then you are probably ready for a relationship
